

# WORKSHOPS

## PLANET IN PERIL: WHAT'S RIGHT? WHAT'S WRONG? WHAT'S NEXT?

PRESENTED BY: **Jana Kelly, Harold Remus**

God's good earth: *Gen. 1-2; Ps. 104.*

Small groups:

How (and why) has that earth changed in your lifetime? The Four Laws of Ecology.

Case studies (small groups):

1. Flowers in Church
2. Rudy and Trudy (Moody) Go Green(er) – Sort of . . . Except That . . . .
3. Gretchen and Gord Ponder Sustainable Agriculture

*Jana Kelly studied in Ecuador, worked in rural planning and development in Bangladesh and Mozambique and holds an M.Sc. from the University of Guelph.; Harold Remus is Professor Emeritus, Department of Religion and Culture, Wilfrid Laurier University, retired Adjunct Professor, Waterloo Lutheran Seminary.*

## CARSHARING: SUSTAINABLE TRANSPORTATION FOR A HEALTHY FUTURE

PRESENTED BY: **Dave Steffler**

*General Manager, People's Car Co-operative (People's Car)*

The People's Car Co-operative ("People's Car") is a local non-profit carsharing co-operative.

Carsharing is a uniquely alternative approach to vehicle ownership that acts as a natural complement to public transit, and thus a stepping-stone to fostering increased use of more sustainable modes of transportation.

Consider this: "When you want a glass of milk, do you buy the cow? When you want to drive, why buy the car?"

## PUBLIC ADVOCACY FOR REDUCING ENERGY CONSUMPTION

PRESENTED BY: **Sandra Mooibroek**

*Community Renewable Energy Waterloo (CREW)*

Sandra will engage participants around motivation and methods for reducing home and business energy consumption. She will outline the new "Power Saving Network" initiative of CREW and discuss strategies for public advocacy on issues of alternative energy and climate change.

## A FRESH APPROACH TO FOOD: TOWARDS A HEALTHY COMMUNITY FOOD SYSTEM

PRESENTED BY **KATHERINE PIGOTT**

This workshop will explore ways to shift from a conventional food system towards a healthy community food system - to enhance the environmental, social, economic and nutritional health of a geographic community. Drawing from experiences in Waterloo Region and elsewhere, it will encourage participants to use the techniques, tools and case studies presented in the workshop in their own communities.

*Manager, Healthy Communities and Policy, Region of Waterloo Public Health, Katherine has led a staff team in the creation of a healthy local food system in Waterloo Region since 2000.*
